## *Pro-Am Quota System*

### Central New York PGA Pro-Am Quota System

The CNY PGA is using a modification to the Chicago Quota System for scoring Pro-Am and Pro-Pro events. The system is as follows: Each player is given a point quota, based on his/her handicap or stroke average. Points are scored: Bogey = 1; Par = 2; Birdie = 4; Eagle = 6; Double Eagle = 8 for amateurs. The player or team whose point total for 18 holes most exceeds his/her point quota (or comes closest if none exceeds it) wins. Professional may help his/her team by a maximum of eight (8) points over quota. No amateur player may help his/her team by more than four (4) points over quota, nor can the Pro or Am hurt his/her team by less than four (4) points under quota. Amateur's quotas are determined by subtracting individual handicaps from 36, except anyone with a handicap of 30 or higher will have a quota of 6.

A professional may win 1<sup>st</sup> place on the team end of a Pro-Am Quota and play with that same team only once per tournament year. The professional may, however, play with one member of the above mentioned winning team and/or two different amateurs at any time. Additionally, any combination of the amateur members of a winning team may not play on the same team again that tournament season with another professional.

### Pro-Am Quota Control Formula

1. The Professional for each amateur is responsible to turn in an official handicap card/sheet only the first time each amateur plays. A quota for their first event will be determined from the standard formula. Future quotas for amateurs will be based on their previous quota totals.

<u>Over/Under Quota Total</u>	<u>Adjustment</u>	<u>Over/Under Quota Total</u>	<u>Adjustment</u>	<u>Over/Under Quota Total</u>	<u>Adjustment</u>
-10 to lower	-3	-3 to +1	None	+6 to +7	+3
-9 to -7	-2	+2 to +3	+1	+8 and over	+4
-6 to -4	-1	+4 to +5	+2		

Ex. Player A has a quota of 29 and scores a +6, his/her next quota will be 32. (Please note, while Player A scored a +6, his/her team was credited with the +4 maximum)

### Professional Quota

<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>	<u>Stroke Avg./Quota</u>
70/39	74/35	78/31	82/27	86/23	90/19	94/15
71/38	75/34	79/30	83/26	87/22	91/18	95/14
72/37	76/33	80/29	84/25	88/21	92/17	96/13
73/36	77/32	81/28	85/24	89/20	93/16	97/12

2. The CNYPGA Tournament Staff has the authority to adjust all scorecards and quota totals, using the USGA procedures for determining hole scores based on personal handicaps.
